MEMORANDUM FOR HQ AF/A7S

FROM: 37 TRW/CC
1701 Kenly Avenue, Suite 201
Lackland AFB TX 78236-5103

SUBJECT: Military Working Dog (MWD) Report for Calendar Year 2006

1. This memorandum transmits the MWD Report for CY06 (Atch 1) from the 341st Training Squadron (341 TRS) through channels to the Secretary of Defense IAW PL 106-446. Although the information contained in this report is unclassified, it should not be released outside official DoD channels prior to the Secretary of Defense's submission to Congress. The total number of MWDs leaving the service for all categories (adoptions, transfers, euthanasia, and natural deaths) was 424.

2. Adoptions and Transfers: During CY06 there were 281 former MWDs adopted or transferred. Of these, private individuals adopted 209 MWDs and 72 MWDs were transferred from the DoD to other government and/or law enforcement agencies. An additional 74 MWDs were declared excess to DoD requirements and are pending final disposition.

3. Mortality: During CY06, a total of 143 MWDs died while serving on active duty. Of these, 16 MWDs died of natural causes, 116 MWDs were euthanized to prevent suffering caused by debilitating medical conditions, and 11 MWDs were euthanized because they were deemed unsuitable for adoption.

4. In an effort to protect the public and assure a safe environment for former MWDs, the 341 TRS developed checklists and procedures for use by MWD-accountable unit commanders to screen MWDs and individuals interested in adopting MWDs. Since May 2001, commanders of MWD-accountable units have been responsible for completing MWD adoptions with the assistance of military veterinarians and trainers at the 341 TRS.

5. The point of contact for this correspondence is the 341 TRS/DOL, 1st Lt John C. Farmer, at DSN 473-4291.

ERIC J. WILBUR
Colonel, USAF
Commander
