AIR EDUCATION AND TRAINING COMMAND

24 February 2004

MEMORANDUM FOR HQ AFSFC/SFOP

FROM: 341 TRS/CC  
2800 Craw Avenue  
Lackland AFB TX 78236-5618

341 TRS/SGV  
1219 Knight Street  
Lackland AFB TX 78236-5619

SUBJECT: Military Working Dog Adoption Report Calendar Year 2003

1. This memorandum transmits the Military Working Dog (MWD) Adoption Report for CY 2003 (Atch 1) from the 341<sup>st</sup> Training Squadron (341 TRS) through channels to the Secretary of Defense IAW PL106-446. Although the information contained in this report is unclassified, it should not be released outside of official DoD channels prior to its submission by the Secretary of Defense to Congress.
2. Adoptions: There were 116 former MWDs adopted or transferred during CY 03. Of these, private individuals (former handlers or others capable of humanely caring for the former MWDs) adopted 81, and 35 were transferred from DoD to other government law enforcement agencies (Atch 1). At year's end there were 15 MWDs that had completed the disposition process and were judged to be eligible for adoption, but had not as yet been adopted. During CY 03 a total of 105 MWDs had been humanely euthanized to prevent suffering caused by debilitating medical conditions or because of dangerously aggressive behavior (Atch 2 for reasons for euthanasia). In 1 case, the MWD's accountable unit was repeatedly unsuccessful in placing a MWD with a new owner and it was euthanized. A second MWD was euthanized due to a unit commander declining the dog's adoption eligibility mainly due to the dog's age and medical condition. An additional 20 MWDs died due to various causes (Atch 3). The total number of MWDs leaving service for all categories (adoptions, transfers, humane euthanasia, and deaths) was 241.
3. In an effort to protect the public and assure a safe environment for former MWDs the 341 TRS developed checklists and procedures for use by MWD-accountable unit commanders to screen MWDs and individuals interested in adopting MWDs. The checklist and other forms necessary for MWD adoption are currently available on the 341 TRS website: <https://DODMWD.lackland.af.mil>. Since May 2001, commanders of MWD-accountable units have been responsible for completing MWD adoptions with the assistance of veterinarians and trainers at the 341 TRS. To date there have been no serious dog bite incidents or humane care complaints involving former MWDs.

4. Point of contact for this correspondence is the Director of the DOD MWD VS, LTC (P) David S. Rolfe, US Army Veterinary Corps (210-671-3991 or DSN 473-3991).

//signed//

FRANK W. SCHADDELEE  
Lieutenant Colonel, USAF  
341 TRS Commander
