

United States Air Force

Report to Congressional Committees

*CY2009 Military Working
Dog Disposition Report*

March 2010

Introduction

This report is provided to Congress annually on the number of Military Working Dogs (MWDs) adopted, transferred, awaiting adoption and the number of dogs euthanized during the preceding year. This report also explains why several MWDs were euthanized rather than retained for adoption.

Executive Summary

The total number of MWDs leaving the service for all categories (adoptions, transfers, euthanasia, and natural deaths) was 522.

In CY09 there were 386 former MWDs adopted or transferred. Private individuals adopted 303 MWDs and 83 MWDs were transferred from the Department of Defense (DoD) to other government and/or law enforcement agencies. An additional 35 MWDs were declared excess to DoD requirements and are pending adoption or euthanasia.

A total of 136 MWDs died while serving on active duty. Of these, 51 MWDs died of natural causes, 2 MWD died from mishaps/handler neglect, 44 MWDs were euthanized to prevent suffering caused by debilitating medical conditions, 35 MWDs were euthanized because they were deemed unsuitable for adoption, 2 were euthanized for medically and/or behaviorally unknown reasons, and 2 MWDs were Killed in Action.

Report

Chapter 153 of Title 10, United States Code prohibited retiring MWDs from being adopted. This resulted in many MWDs remaining at installations until their death. In some cases MWDs (if not medically disqualified) were returned to the DoD MWD Training Center (Lackland AFB, TX) to be evaluated for the training program. If the MWD did not meet requirements, they were returned to their previous installations.

In 2000, Congress adopted Public Law 106-446, which, in section 1.f, amended Title 10 to facilitate the adoption of retired MWDs by law enforcement agencies, former handlers or by other persons capable of caring for these dogs. The Secretary of Defense may make an MWD available for adoption at the end of the dog's useful working life or when the dog exceeds the needs of the Department, unless determined to be unsuitable for adoption.

One of the requirements of Public Law 106-446, is for the Secretary of Defense to submit to Congress an annual report specifying the number of MWDs adopted, currently awaiting adoption, and the number of these dogs euthanized during the preceding year. The report must include an explanation of the reasons why the MWDs were euthanized rather than retained for adoption.

CY 2009 Military Working Dogs Adopted
